eRESIDENCY 2018

Jimmy Gan
Healthcare Manpower Division
Regardless of training path (ie: Resident or House Officer), all Post Graduate Year 1 (PGY1) or Pre-Registration Doctors will have to undergo:

- 4 months of Internal Medicine
- 4 months of General Surgery (or Orthopaedic Surgery)
- The remaining 4 months must be carried out in a department accredited by the Singapore Medical Council (SMC)
Overview of the Application Process

1. Submission of Portfolios

2. Submission of Letter of Reference (LOR) by referees

3. National Interviews for Matching (MMI)

4. Cleared for Matching Exercise

5. Matching Exercise with Sponsoring Institutions

6. Successful residency placement
Letters of Reference

- Submit names of up to 4 referees for LOR:
- Criteria for referee:
  - Have supervised or worked with you or have been your personal tutor for at least 3 weeks

AND

- A faculty member of the applicant’s medical school,
- Or an appointed clinical tutor,
- Or at least a Senior resident or lecturer or equivalent.
The Multiple Mini Interview

- 4 stations
- 1 domain each

- Generic and specialty-specific scenarios
- Standard Rating Scale

Station 1 (10 min)
Station 2 (10 min)
Station 3 (10 min)
Station 4 (10 min)

2 Minutes to read the case
8 minutes for discussion
Important Note for Residency 2018

1. You can only select up to 2 Clinician Track programmes to apply, and interview, for.
   There is no option to apply for a Clinician-Scientist track.

2. You can only apply for a switch to a Clinician-Scientist track in the 3rd year of your current programme.

3. Following the interviews, when you have finished ranking your Clinician Track programmes, you will have to log in and select your PGY1 rotations.

4. Matches are binding. Rejection of a match, or withdrawal midway through training, will result in penalties (1 year penalty imposed for next application). A non accepted match has the consequence of depriving another applicant a position as we cannot rematch.

5. If you do not want to apply for, or are not matched to, Residency Training for the May/July 2018 intake, you will be posted according to your PGY1 rotation preferences.

Residency Application for MO/HO

Referees’ Information

Note:
1. To aid the residency selection, please furnish contact details for 4 referees. Referees must have supervised or worked with you or have been your personal tutor for a minimum of 3 weeks and either:
   a) A faculty member of your medical school, or
   b) A Yong Loo Lin School of Medicine or Duke-NUS GMS appointed clinical tutor, or
   c) At least hospital registrar or equivalent, or lecturer or higher.

Please note that the deadline for submission of referees has been extended to 24 Sep 2011 (Saturday) at 2359hrs (GMT + 08:00).

For graduating seniors from YLL-BOM and Duke-NUS GMS, one of the 4 referees will be the Dean of the respective medical schools who will submit their letters of reference directly to MOH-MOH. Such applicants will only need to identify 3 referees.

Please note that your referee need not be from your SIP posting and can be from any posting in the clinical years of your course. Referees are not expected to base their opinion for clinical work only but other work and character attributes as well.

Graduating seniors can select referees from the large pool of personal tutors.

Your referees’ comments are to facilitate the overall assessment from a different vantage point or perspective which is not necessarily all about proficiency in your specific clinical performance.

If however YLL or Duke GMS graduating seniors are unable to get all three referees by the deadline, they should submit their application nevertheless and not be overly concerned as the inputs from the Dean’s office suffice to cover for any shortfall of referees.

For all other applicants, the requirement to identify 4 referees remains unchanged.

For further information, applicants are encouraged to check the FAQs.

Completion of evaluation report
Referees will be contacted via email to complete an evaluation form once you have submitted the contact details of your referees. Please approach or contact your referees to inform them and get their consent to be your referees in advance.

Please note
Knowingly providing false information or a falsified reference may result in disqualification and removal from the Residency Programs.

2. Please ensure that you have sought consent from your referees before appointing them.
3. Your referees will receive an email with a dynamic link to login and complete the application with their information. Please click the “Submit Link” button beside each referees’ name to send the link to them once you have completed the fields.
4. DO NOT cancel the referees once you have submitted their details without first obtaining their agreement.

Kindly note that the dynamic link will only be sent after the 24th August. You may continue to submit your referee details before that.

5. The status of the application is stated on the top right hand corner of this form.
Sending Links to your Referees

Kindly note that the dynamic link will only be sent after the 24th August. You may continue to submit your referee details before that.

5. The status of the application is stated on the top right hand corner of this form:

Residency Interview - Selection of Date and Time

MOH Residency

Dear Jimmy Gan,

Thank you for your recent participation in the Residency programme selection exercise where you submitted your portfolio. It is now time for you to select your interview date/time.

Please log in to the link below and select your preferred interview date/time. Note that this is a first-come-first-served system. Please email me at jimmy.gan@moh.com.sg if you have problems selecting a date/time.

http://zik.residency.thinkcross.com/Security/AuthenticateSession?77e4286-0229-4466-ad12-0975103dc93f

Please be reminded that the link will expire when the application closes on 30/04/2012.

Please note the following:

1. Do not bring any documentation (letters, references, etc) unless specifically informed to do so.
2. Please try to come at least 30 minutes prior to your scheduled interview slot.
3. Please dress appropriately.
4. In place of the usual National Panel interviews, the residency interviews in 2011 will adopt a new interview format. Candidates will be interviewed using the Multiple-Mini-Interview (MMI) format. MMI refers to a multi-station interview model, similar to the objective structured clinical examination (OSCE), designed to evaluate a candidate’s communication, reasoning, and problem-solving skills that is considered important in any doctor commencing residency. Each of the four stations will assess a candidate through their responses to a range of scenarios on pre-determined domains, which may include but not limited to teamwork and collaboration, communication skills, compassion, professional and ethical conduct, and other personal attributes. Each candidate will be allocated 10 minutes per station. One to two interviewers will be present at each station to rate each candidate using a standardised, annotated rating scale.
5. The interview will be conducted at:
   Yong Loo Lin School of Medicine,
   Centre for Translational Medicine,
   14 Medical Drive Level 4
   National University of Singapore
   Singapore 117599
6. If you have any problems (sick, late, lost your way, etc) please call me at 9919 8901
